GKN Driveline  
828.428.6472

#### Student Board Members

Corey Day  
Western Carolina University

September 1, 2016

Dear Friend:

This letter is to thank you for registering and supporting the 17<sup>th</sup> annual Western North Carolina Safety & Health Conference being held in Asheville, North Carolina. This year's event will be held at the Doubletree Biltmore, October 31 - November 2, 2016. We are able to accomplish this task with your support and our sponsors.

An exciting conference is planned with classes instructed by regional experts, a golf tournament, exhibitors, networking opportunities, special events, and group sessions as well as developmental workshop courses. We have several dynamic keynote speakers and many breakout sessions for professional development planned for the three-day conference.

As a reminder, the Board is a non-profit organization and tax deduction documentation can be provided for all contributions. Be sure to visit our website at [www.wncsafetyschool.com](http://www.wncsafetyschool.com) for information on our speakers, updates on events and more. We appreciate you taking this opportunity to meet with other safety professionals and have some fun too.

Would your company or organization like to help sponsor us? A brochure of sponsorship opportunities as well as general conference information is available on the website.

This year the WNC Safety & Health board is pleased to offer the opportunity to assist The Eblen Charities / Saint Nicholas Project. Conference Participants will have the chance to contribute to the organization through several options. Monetary donations can be made through the registration page or brought to the Conference. These donations will be given to the organization along with a donation from the board on Wednesday, November 2 during the Brunch Session. Donations of needed items for the Saint Nicholas Project can also be donated through drop boxes at the Conference. A representative from Eblen will also be present to talk about their organization.

If you have any questions, please contact Sara McHone [smchone@ashevillenc.gov](mailto:smchone@ashevillenc.gov) or Cathy Coomer at [Cathy.Coomer@buncombecounty.org](mailto:Cathy.Coomer@buncombecounty.org). You can also find additional board member contact information to the left of our letter and under the "Contact Us" section of the website. We look forward to hearing from you soon.

Sincerely,

Sara McHone, President  
2016 Western North Carolina Safety and Health Conference Board
